

Welcome to NASA soccer.

Our website is www.newtonareasoccer.com and has information for registration, coaches contact information, board member contact information, and much more.

NASA has a Facebook page for those people who enjoy reading about NASA soccer and getting information that way.

Emails for the soccer club will come from "Newton Area Soccer Association". Be watching for those emails as they will have lots of information parents need to know. If you don't see those emails, make sure to check your junk folder, spam folder, or for Google email, watch the Promotions folder.

NASA meetings are the fourth Monday of the month except for May. Because of Memorial Day, the meeting moves to the third Monday in May. The meetings start at 7pm. The meeting location has had to change lately due to restrictions caused by Covid. The location will be noted in the meeting emails. **Meetings are open and for anyone who wants to know more about what is going on with our program.**

We have soccer that ranges from 4 year olds to 18 year olds.

U6 soccer teams play in Newton ONLY.

U8 soccer teams play through the Altoona Soccer Club. Most of the games will be in Altoona.

U9 and above teams play through Iowa Soccer. Games are usually somewhere throughout central Iowa. There are times though that games could be much further away. Recently we have had games in Iowa Falls and Mason City for our slightly older teams.

Girls for the ages of U8, U9, and U10 play their games on Saturday mornings. All games (both boys and girls games) for the U13 and U14 age groups are scheduled to play on Saturday afternoons.

Iowa Soccer is now scheduling over 8 weeks. Teams will still get 7 games. The 8th weekend is to help make sure everyone has plenty of time to make games up. There is also the makeup weekend just in case it is needed as well.

Holiday weekends (Easter, Memorial Day, and Labor Day) are not included in the schedules. Those weekends are blocked out for time with family. No games are allowed on these weekends.

Schedules are usually available within the couple weeks before the games start.
